RE: Residential Roofing [REDACTED] by
C. Sterling Roofing Company

To Whom It May Concern:

My husband and I want to take this time to let you know how pleased and satisfied we are with the professional roofing work that your company did for us on June 16, 2008.

On May 29, 2008, Mr. Taylor Hawkins came to give us an estimate on replacing our roof. He was very thorough as to what work would be done, what materials would be used, he explained the warranties, and gave us an all-inclusive price. He even provided the names of your suppliers so that we could go and look at the ridge vent, exhaust vents, and skylight that would be used to replace the existing items. Mr. Hawkins answered all of our questions to our satisfaction. Just to let you know we did get estimates from several other roofers and felt confident that C. Sterling Roofing was the best company to do the work, although not the least expensive. We want to thank you for a very efficient crew that took great care not to damage any shrubbery around the house. The work was completed in a very timely manner as was the clean-up. I thank the LORD for holding off the rain until the work was completed.

Carl and I would surely recommend C. Sterling Roofing to everyone we know who is in need of a roofing job.

Thank you for a professional job well done.

Sincerely,

Carl Brimmage
